

Report of LTK College Eco Club

LTK College was established Eco Club under ministry of environment, forest and climate change govt. of Assam.

Aim and objective of Eco club

- Organize seminars, debates, lectures and popular talks on environmental issues in the school.
- Organize field visits to environmentally important sites including polluted and degraded sites wildlife parks etc.
- Organize rallies, marches, human chains and street theatre at public places with a view to spread environmental awareness.
- Take up activities like tree plantation, cleanliness drives both within and outside the school campus.
- Grow kitchen garden, maintain vermin-composting pits, construct water-harvesting structures in school, practice paper re-cycling etc.
- Prepare inventories of polluting sources and forward it to enforcement agencies.
- Organize awareness programmes against defecation in public places, pasting posters in public places and to propagate personal hygiene habits like washing hands before meals etc.
- To sensitize people about maintenance of public places like parks, gardens both within and outside the school campus.
- Mobilize action against environmentally unsound practices like garbage disposal in unauthorized places, unsafe disposal of hospital waste etc.
- Undertake case studies, compile lists of environmentally friendly products and community initiatives which have impacted the environment.
- Create database on land use pattern, species diversity, medicinal plants, etc. to help planned conservation efforts.
- Test soil, water and air quality and study their impact on health.
- Learn to make natural dyes and herbal cosmetic.
- Volunteer to help or guide visitors in Zoos, Botanical Gardens, National Parks and Public Gardens.
- Start and maintain a small orchidarium, seed bank, arboretum, etc. in school.
- Demonstrate/promote eco-friendly practices like non-chemical pest management, stall-feeding of animals to protect pastureland from over-grazing, use of energy-efficient devices or use of renewable energy for meeting local needs.

E-Waste Management Workshop

Lakhimpur Telahi Kamalabaria college Eco club in association with AInA Welfare Foundation has started a project on E-Waste management. The project has started on 8th April 2022 followed by a 4 days' workshop and awareness campaign. The electronic waste are different than ordinary wastes and more harmful to the living being as well as environment, as it contains toxic pollutants like Mercury, Lead, Cadmium, Chromium and Plastics. According to a 2015 study by Toxic Link, a Delhi based environmental NGO, Assam is the sixth largest e-waste producing state in India which estimated to produce nearly 14,000 tones of e-waste every

year. E-waste is speedily becoming a threat for the whole country because of lack of awareness among people.

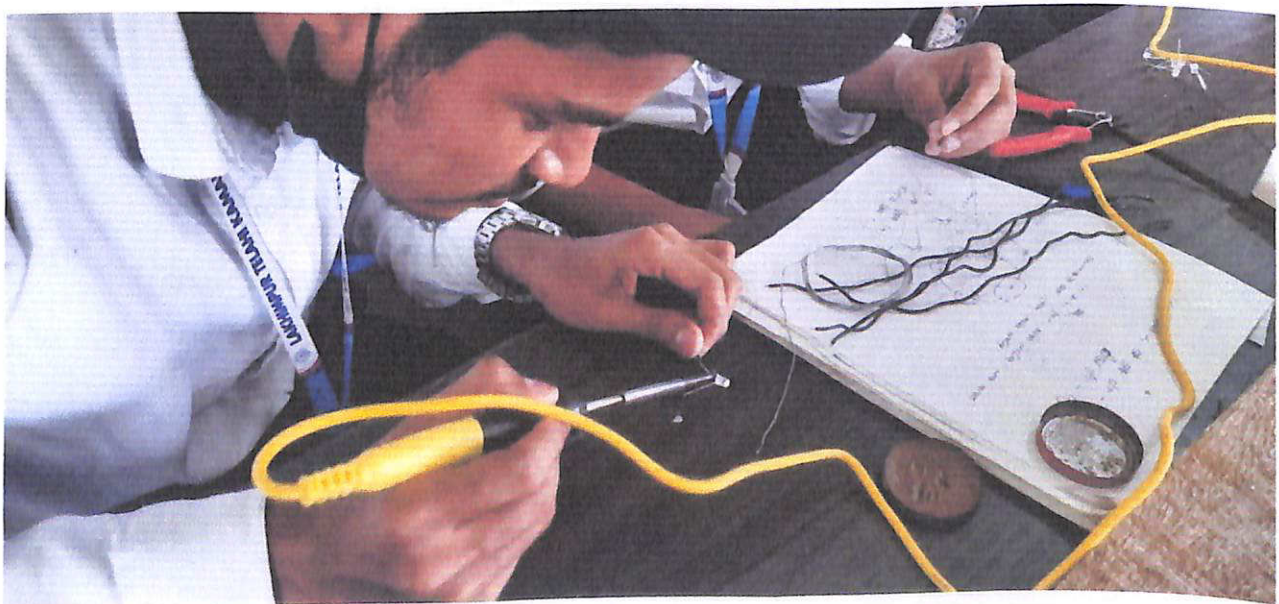

To reduce the alarming issue, the project has planned for mass awareness among students, provide training to repair, recycle and re-use electronics and setup E-Waste Collection Centre in college premise.

On the very first day of the workshop, an awareness meeting was held in the college auditorium where around 70 students of all departments were attended. Honorable Vice Principal of LTK College chaired the meeting. Project head cum Executive Director of AInA Welfare Foundation, Mr. Krishna Pratim Bordolo briefed about the alarming issue and its solution to reduce e-waste. Electronics Engineer, Mr. Branbij Das spoke about the harmful effects of electronics and e-waste and how we have to be careful while working electric works. Faculties of all departments of the college and members of AInA Welfare Foundation were attended the meeting.

22 students of different departments of the college were trained about e-waste management till 11th of April 2022 under complete supervision of AInA Welfare Foundation. The trained students will further work in the e-waste collection centre for making the e-waste reusable
