

Institutional Distinctiveness

1. The performance of the institution in one area distinctive to its vision: Since, this college is a coeducational and situated in the rural area. There run 15 departments through Major programmes (B.A./B.Sc.) and 1 vocational course (B.Voc in Food Processing). Every year large number of rural students (Girls and Boys) takes admission in different courses of the college and the college provides all the facilities to students as per the direction of the University and the State Government. College also helps Poor and needy students to avail free books on yearly basis from the Book Bank. A gender sensitization programmes are given much importance so through various programmes such as lectures/seminars, sports competition, activities under NSS units of the college have been conducted from time to time. It is ensured that students should participate with full enthusiasm in each and every activity (academic as well as extracurricular activities) of the college. Besides, local people are allowed to use college campus for running, walking, and play grounds for sports for their development. Therefore, we can say the college provides quality education and opportunities for intellectual and emotional growth through different programmes which are relevant and responsive to the needs of the rural and educationally backward society of this region of the state.

2. The performance of the institution in one area distinctive to its priority: College gives priority to promote education for poor students of rural background. The students of the locality can't afford their education in the urban colleges, due to several reasons. So our college provides academic environment to those aspiring students of the rural area as well as encourage them to participate in extracurricular activities (NSS, cultural, literary and sports), so that they cop up with students of the main stream.
